Software developer with over a year of experience and an AWS Certified Cloud Practitioner, looking for a challenging position where I can use my knowledge of HTML5, CSS, Bootstrap, JavaScript, Python, Django, and React to provide value to creative projects. Additionally, I am skilled with SQL databases, Git, GitHub, and the Rest API.

EDUCATION

Pimpri Chinchwad College of Engineering & Research, Ravet

2018 - 2022

Bachelor of Engineering (Computer) | CGPA - 9 / 10

SKILLS

Programming Languages:

Python, JavaScript

Libraries/Frameworks:

Django, React, Django REST framework, Express.js

Tools / Platforms:

Git, AWS, Cloud Computing, DevOps

Databases:

MySQL, PostgreSQL

WORK EXPERIENCE

Chat bot Engineer - Quantiphi Analytics Solution, Mumbai

Aug 2022 - July 2023

- Utilized Django and Django Rest Framework to develop APIs, resulting in improved efficiency and reduced development time.
- Up-skilled proficiency in React to design and develop the frontend of the project, resulting in a more intuitive user interface.
- Managed databases, including MySQL and PostgreSQL, to store and retrieve data efficiently.
- Shadowed senior software developers during their daily responsibilities, gaining insights into best practices and industry standards

Chat bot Engineer Intern - Quantiphi Analytics Solution, Mumbai

Feb 2022 - Aug 2022

- Utilized Dialogflow, a conversational AI platform by Google, to build natural language interfaces, such as chatbots and voice assistants.
- Worked with REST APIs to exchange data.
- Leveraged JavaScript to develop dynamic and interactive features for web pages

CERTIFICATIONS

- AWS Certified Cloud Practitioner - Amazon Web Services (AWS)
- Python (Basic) Certificate - HackerRank
- React (Basic) Certificate - HackerRank

AWARDS & ACHIEVEMENTS

- Awarded with 'Academic Achievement Award' by Pimpri Chinchwad College of Engineering & Research (2022)

INTERESTS
